

ENVIRONMENTAL RESEARCH INFRASTRUCTURES AND INDUSTRY

How can we better collaborate for innovation?

The ENVRINNOV Project

The Horizon Europe-funded project "ENVRINNOV- Environment Research Infrastructures Innovation Map" is working towards developing a common Innovation Roadmap for the Environmental Research Infrastructures (ENVRIs) community.

Meet, Connect, Innovate !

As part of the project, a series of capacity-building sessions is being developed to promote collaboration and establish a shared understanding of innovation concepts and processes in the ENVI community, including Technology Development, Technology Transfer, and Industrial Approach.

Program

Tour de table

Short introduction, Q&A and ice-breaker quiz

Presentation

What the Role of Research Infrastructures (RIs) in Innovation is and sharing of input from industry contacts

Success stories

What made collaborations successful? Challenges & key enablers

Interactive Discussion

How to address challenges that tend to hinder collaboration, as these have been identified in previous projects
